Corporate Capabilities

The freedoms we enjoy as Americans is a privilege. The cost of these freedoms has always been and always will be high. Freedom can only be protected by the commitment, dedication, and sacrifice of those who are willing to put love of country and our liberty before everything else. At TSSJ, we understand what is being done to protect our great country and will never forget that our mission is to support America's Warriors in everything we do.

Pre-Positioning Space

TSSJ's Special Operations Logistic Support Facility offers a designated storage location for palletized operational equipment and storage containers. With a location just hours from many of the major SOF deployment sites, we can mobilize your equipment and guarantee delivery. Our location makes TSSJ an ideal site for logistic support of Homeland Security, WMD Response, and Consequence Management to our nation's capital.

Training

Obtaining the proper training and knowledge of your equipment is as important as having the gear itself. TSSJ can provide your team with specific product training in our state-of-the-art conference center. TSSJ teams with professional training organizations and select manufacturers to provide our customers with specialized tactical/technical training classes. Contact TSSJ for specific information.

Corporate Profile

Corporate History

Founded in 1980, Tactical & Survival Specialists, Inc. (TSSI) is a multi-functional, team oriented corporation dedicated to the logistic support of special operations forces worldwide. We offer a full line of tactical supplies and equipment, product training, and the most comprehensive tactical equipment catalog in the industry. Our reputation is backed by experience, service, and exceptional products.

Long standing reputation as a one stop supplier of Commercial OR The Shelf (COTS) and custom built equipment. Solid relationships with over 7000 domestic and international suppliers.

TSSI has Regional Sales Representatives on the East and West Coasts to increase customer penetration and provide focused support. Our total logistic support facility provides additional developmental and service capabilities like total palletization, pre positioning space, as well as design and packaging of custom equipment kits.

Military Support

- GSA schedules to save contract awards
- Government Commercial Credit Card accepted
- CD catalog improves deployment support and purchasing
- One stop shipping, saves time and money
- 463L aircraft pallet loading and ground transport available
- On site support for training, demonstrations, and sales assistance
- Individual military sales supported

Law Enforcement Support

- Knowledgeable trained staff for on site demonstrations
- Customer support tailored to mission requirements
- Experienced law enforcement tactical training support available
- GSA pricing available under 112Z program
- NATO approved and certified products available
- Individual officer orders accepted

"You continue to be on the leading edge with your equipment selection and excellent customer service and follow-ups. You should change nothing."

-William Griggs, Washington County Sheriff's Department

"Customer service has been great and shipment has always been above satisfaction. TSSI is by far the best company that we have worked with."

-SGT Harry Green, 180th Military Police Company

"Many thanks to all the sales people on the staff who are working diligently each day behind the scenes to help customers like me."

-Federal Agent, Department of Homeland Security

Contract Procurement

TSSI is the industry expert on Commercial-Off-The-Shelf (COTS) and non-conventional sourcing. You can now take advantage of our vast network of manufacturers with our contract procurement services. Let TSSI become your purchasing department and take advantage of the "One-Stop Shopping" service that allows you to get the best price every time. Contact TSSI for specifics.

Security

The security of your equipment and our facility is paramount at TSSI. Our facility was designed from the ground up for our operational security. From perimeter fencing and CCTV monitoring to a pass card access control system, TSSI takes security very seriously. Our facility is security clearance capable and all full time employees hold current security clearances.

Total Palletization

TSSI offers complete palletization services. Every effort is made to meet or exceed the customer packaging requirements including the use of industrial packaging standards, custom container designs and/or Milspec packaging. Our facility affords customers the space for 463L aircraft pallet loading, inspection, and ground transportation to your designated aerial port or our local regional airport just minutes away. Contact TSSI for details.

Corporate Capabilities

Custom Kit Integration

Custom Kit Integration

TSSV was founded on the simple principle: Put the right equipment in the hands of the workforce as effectively and as quickly as possible. Over the past twenty-four years, the community has frequently asked TSSV to supply custom kit using services in support of both routine and non-conventional requirements. Our customers have found that TSSV's kitting service eliminates time you spend on the building and distribution of kits. TSSV works hand in hand with the customer to determine the specific need, to design and manage a program that meets the customer's requirement. Our teamwork approach ultimately results in the delivery of kits in the most cost-effective and efficient way possible.

- **TSSV Resources & Experience:** Vast supplier network includes thousands of manufacturers. Special teams to research, procure, build and deliver your specialized kits. Logistics staff with decades of experience in supporting the military and law enforcement special operations community.
- **45,000 sq. ft. facility has ample space to support your project.**
- **Secured facility has full perimeter fencing and electronic surveillance.**
- **Palatkaization services include commercial and ASL for military transportation.**
- **Conference rooms for meetings and other customer support activities.**
- **Delivery services include all commercial carriers, and a local airport capable of supporting military aircraft.**

Senior staff has experience working at every customer level - from headquarters to contracting to workforce. This following parties feature just a few samples of the specialized kits TSSV has designed, built, and delivered to the workforce. If there is a special kit or project you need to more effectively and efficiently complete your mission, do not hesitate to contact us. TSSV can deliver the goods. We provide the best product at the best price, when you need it, when you need it, without excess. Via welcome the opportunity to work with you.

EOD/IED Response Trailer

The EOD/IED Response Trailer was designed, equipped, and delivered by TSSV to the US Department of Defense. It is being utilized for detection and disposal of IED materials in support of Operation Enduring Freedom. Kit includes:

- 3 PAN Displays

- 2 Diversal Battery Chargers
- 2 XRF 18 Volt Batteries

Field Meteorological Observation Kit

TSSV's Field Meteorological Kit replaces bulky, multi-man portable systems, and new technologies make for significant improvement in the accuracy of weather observations. This kit is intended for Combat and other Tactical Operations, with primary users being parachute deployable organizations. For parachute and other dismounted operations, the components may be removed from the hard case and packed in the meteorological observer's rucksack.

- Hard Carrying Case
- Pocket Weather Tracker
- Lighted Survey Mast
- Miniature Helium Tank w/ filler valve
- Pilot balloons

The Field Meteorological Kit is currently in service with the US Army and US Air Force.

With NEW Halogen & LED Lamp Unit!

Material: Lightweight, super tough polymer with non slip, non absorbent closed cell foam comfort grip, unbreakable polycarbonate lens

Part# 003-25103
SL-20XP LED with AC/DC Chargers, Black
Part# 003-20010 SL-20X with AC/DC Chargers, Black

LifeBox

Standard System

Dual filament bulb provides instant emergency backup when required
Includes 120 volt AC/12 volt DC charger, shoulder strap, and mounting rack
Color: Orange

Part# 003-45116 SW Spot
Part# 003-45110 20W Spot
Part# 003-45111 20W Flood

Vulcan® Standard System

Includes: 120 volt AC/12 volt DC chargers, shoulder strap, and charging rack 7.5 L x 5 W x 5.75 H, 3.3 lbs. NFPA

Battery: 6 Volt, 4.5 amp hour, sealed lead acid, rechargeable up to 500 times

Bulb: High intensity halogen 3 or 8 watt spot, Par 35
Run Time: 3 hrs

Candlepower: up to 50,000
Part# 003-44500
Orange

Fire Vulcan®

Fire Vulcan® is the safety lantern featuring two ultra bright blue halogen LEDs

- Lantern with 2 halogen LEDs, Dual modes steady and blinking
- New quick release strap
- 3 position toggle switch
- Compact & lightweight
- Extremely powerful 65,000 candlepower
- Meets requirements of NFPA
- Waterproof

Part# 003-44400 Orange

Survivor® Division 2 PiggyBack Steady Charge Light

UL Division 2 Safety approved right angle flashlight with 10 hour constant current charging unit that allows for simultaneous charging of light and battery pack. Removable, rechargeable battery. Black dot Xenon bulb

Part# 003-60006 Orange

Key Mate®

Clip on LED flashlight. 13 ultra bright LEDs. Features rotating 360 degree clip attachment and elastic handstrap. Longest burn time. Waterproof. Usable in either of 3 AAA alkaline batteries. Color: Black. Available in Yellow or Green LED. Please Specify LED color when ordering

Part# 003-6110

Sylsus®

Waterproof, ultra slim LED pen light lasts up to 100,000 hours. Includes 3 AAAA alkaline batteries. Color: Black

Part# 003-69006 Red LED
Part# 003-69022 Blue LED
Part# 003-69020 Green LED
Part# 003-69018 White LED
Part# 003-69130 Infrared LED

Sylsus Reach®

Waterproof, ultra slim LED pen light with 14" flexible cable extension. LED lasts up to 100,000 hours. Includes 3 AAAA alkaline batteries. Color: Black

Part# 003-69816 Sylsus Reach White LED with extension
Part# 003-69822 Sylsus Reach Blue LED with extension
Part# 003-69820 Sylsus Reach Green LED with extension

Trident Headlamp

LED/incandescent combo headlamp with adjustable elastic headstrap. Triple LEDs and krypton bulb within same reflector spot to hand focus. Lightweight thermoplastic construction. Green body w/ green & white light, elastic straps. Uses (3) AAA alkaline batteries, included.

Part# 003-01000 Green

Sepior Headlamp

LED headlamp with elastic strap. (7) ultra bright LEDs within reflector. Lightweight thermoplastic construction. Yellow body w/ elastic straps. Uses (3) AAA alkaline batteries, included.

Part# 003-01007 Yellow

Meridian Headlamp

Multi use headlamp with a one watt super bright white regulated LED that maintains peak brightness longer without dimming during extended use. Qebers three color modes white with 30 lumens brightness up to 100ft., red to preserve night vision or blink intermittently for rescue, and green which is IR compatible. Over the head strap with rear bail (key back) and three AA batteries included.

Part# 309-22-00007

TACTIKKA Plus

- Alternates easily between white and red light simply by moving the pivoting filter over the reflector
- Long battery life up to 150 hours with comfortable lighting for 24 hours
- Night vision compatible

Part# 208-EGPP

- Ultralight 4 LED headlamp with 3 lighting levels and pivoting red filter
- Lightweight and comfortable to wear. Ergonomically designed elastic headband

TIKKA Plus

- Three lighting levels (maximum, optimum, and economy) and a blinking mode
- Long battery life up to 150 hours with comfortable lighting for 24 hours
- Water resistant for all weather use

Part# 208-EGPP

- Lightweight and comfortable to wear. Ergonomically designed elastic headband
- Operates with three AAA LR03 batteries, included

MYO 3 Noir

- Alternates to cover both long range or close up lighting needs
- Maximum light duration: 180 hours (1 LED)
- Maximum lighting distance of 190m (Krypton halogen bulb)
- Battery pack worn on the head

Part# 208-EZPPN
